FITNESS AND FUN

Youth Fitness Orientations

Teens 13 – 15 years of age are required to attend a tour of the gym and weight rooms to be able to use the City's fitness centres and participate in drop-in fitness classes. These orientations help provide guidance on how to safely workout and use the gym equipment. Orientations cost \$2.

Register for an orientation in person at the front desk of any facility, by phone at **604-927-4386**, or online by visiting coquitlam.ca/registration and searching "fitness orientation" in the registration system.

LOOKING OUT FOR THE ENVIRONMENT

Help Keep Streams Safe

Would you like to help protect our local streams and fish habitat? Volunteer for our storm drain marking program. It's a simple task of marking yellow fish symbols on the pavement near your neighbourhood storm drains. This helps remind the public that anything that goes down the drains leads to sensitive fish habitats and could affect our creeks, fish and wildlife. The program is open to individuals, groups and businesses and is a "grate" way to help protect the environment. To see storm drains near your home or business or to find out more about the storm drain marking program, visit coquitlam.ca/stormdrain. Volunteer today!

LOOKING FOR A FOREVER HOME

Tips for Summer Pet Safety

Summer weather is here! While the hot weather can be fun to enjoy with your furry companions, keep your pets safe as the temperature rises. Always ensure your pets have access to fresh water, walk your dog during the coolest part of the day — early morning or late evening — and make sure the pavement isn't too hot. When hiking, camping or going to the beach, make sure to bring your pets necessities, including water, an umbrella for shade and a towel to dry off. Check out the SPCA's tips for summer pet safety at spca.ca/news/summer-pet-safety.
