1 INSTRUCTIONS TO RESPONDENTS

1.1 Acknowledgement

The City acknowledges with gratitude and respect that the name Coquitlam was derived from the hən'qəmin'əm word kwikwəḷəm (kwee-kwuh-tlum) meaning “Red Fish Up the River”. The City is honoured to be located on the kwikwəḷəm (Kwikwetlem) traditional and ancestral lands, including those parts that were historically shared with the sqəciyaʔ təməxw (Katzie), and other Coast Salish Peoples.

1.2 Introduction

The City of Coquitlam is issuing this Request for Information and Qualifications to select professional, qualified and experienced construction project management firms to an invite only RFP to select a **Project Manager for North East Community Centre** and assist the City through the various phases of the project.

This RFIQ is intended to prequalify up to five (5) Preferred Respondents to participate in a subsequent invite only RFP who have the expertise, experience, resources and knowledge to perform the services for the project.

1.3 Project Description

Coquitlam is the largest of the Tri-Cities with approximately 150,000 residents. The Tri-Cities cover approximately 208 square kilometers and are situated east of Burnaby, 10km to the east of Vancouver, stretching all the way to the Fraser and Pitt Rivers to the east. This part of the region is expected to grow to approximately 359,000 by 2041. The Tri-Cities are experiencing tremendous change, not only in population growth but also in demographics, culture, and in specific neighborhoods.

With new development and growth in the northeast area of the City, amenities and community resources are important to the residents we serve. The City is looking to address one of those needs by constructing and completing a community center.

The planned Northeast Community Centre (NECC), has a program that responds to the projected total community population of 50,000 residents in the northeast and will also serve residents living city-wide. Its program relates to many City plans and strategies and the input of 1000 residents received during an expanded engagement process.

The proposed 80,000 sq. ft. centre program will be a catalyst for community connectivity. It includes a library, aquatics, gymnasiums, a fitness centre (weight room and active studio), multi-purpose rooms, a community kitchen, and makers space, an outdoor covered space, washrooms, change rooms, storage, support spaces and approximately 340 parking stalls. Integral to the project is a park site to the west that provides outdoor programming including enhanced spray pad, covered areas, play spaces and accessible walkway including raised platform sections down the steeply sloping site.

The City is seeking external Project Management support to supplement and enhance internal resourcing for the project in order to deliver the best possible facility for the community. The project is currently completing the planning phase and moving into the design phase. Project management services are required for the project going forward and will require a comprehensive approach through to project completion. Initial work will focus on the following:

- Project team organization review and recommendations including distribution/allocation of internal and external resources to be included in a Project Charter.
- Creating project delivery strategy and methodology recommendations to guide team building and future procurement phases.

Information on the specific requirements for the successful Proponent will be detailed in a subsequent Request for Proposals for short listed Respondents.

1.4 Instructions to Respondents

Respondents are advised that the rules for participation that will apply to this RFIQ can be found under [Instructions to Respondents](#).

Respondents are to complete and submit the information requested in this RFIQ document on the Submission Form or in a format that has been approved and is acceptable to the City.

By submitting a response to this RFIQ, the Respondent agrees and accepts the rules by which the bid process will be conducted.

The City will not be responsible for any delay or for any submission not received for any reason, including technological delays or issues by either party's network or email program. The City will not be liable for any damages associated with submissions not received.

1.5 Eligibility

For eligibility of participating in the subsequent invite only RFP and award of Contract, the Preferred Respondents will need to meet or provide the following requirements:

Through appropriate management techniques, the Project Manager will lead and manage all efforts to achieve the objectives of the project to meet City requirements.

The City may, at its absolute discretion, reject a Submission if the Respondent, or any officer or director has been engaged directly or indirectly in a legal action against the City, its elected or appointed officers, representatives or employees in relation to any matter, or if the City has initiated legal action against any officers or directors of the Respondent.

In determining whether or not to reject a Submission, the City will consider whether the litigation is likely to affect the Respondents ability to work with the City, its consultants and representatives and whether the City's experience with the Respondent indicates there is a risk the City will incur increased staff and legal costs in the administration of an agreement if it is awarded to the Respondent.
