CONTRACTOR QUESTIONS and CLARIFICATIONS:

- Q1) How is the asphalt curb on the Local roads portion of the contract to be paid?
- A1) Refer to Supplementary Contract Specifications; Section 32 12 16S. Payment for asphalt curb shown on drawings will be considered as incidental to the cost of asphalt concrete paving.**
- Q2) As item 10.01 for the local roads package is a 75mm single lift asphalt structure, please confirm if item 9.01 asphalt tack coat is required for this portion of the contract.
- A2) Please refer to **REVISED** - Appendix 1 - **REVISION NO. 1****
- Q3) For the local roads package, from the SOQ item 6.01 Description states "Full depth milling (all depths), minimum 125mm". This is in conflict with the drawings which state a minimum of 100mm. Please confirm which is correct.
- A3) Please refer to **REVISED** - Appendix 1 - **REVISION NO. 1****
- Q4) For the local roads package, SOQ item 8.01 19mm minus granular base, please confirm the quantity for this item as the SOQ quantity seems excessively high for the 25mm depth required on the drawings.
- A4) Please refer to **REVISED** - Appendix 1 - **REVISION NO. 1****
