

Notice of Intent to Award a Contract for
Uninterruptible Power Supply (UPS) Maintenance Services

City of Coquitlam
NOI No. 25-047

Notice is hereby given by the City of Coquitlam ("City") of its intent to contract with Eaton Industries (Canada) Company for a three year (3) period commencing May 20, 2025 for the following service: Uninterruptible Power Supply (UPS) Maintenance Services

The City of Coquitlam has chosen not to call for vendor proposals for the following reason:

1. Eaton Industries (Canada) Company is the only authorized provider of service and support on Eaton UPS products.

The total anticipated value with Eaton Industries (Canada) Company over the term of this agreement is \$119,439.00.

As Eaton does not train, certify, or support independent third-party service providers for the delivery or servicing of Eaton UPS and power quality products, the City is unable to accept any rationale that deviates from this policy.
