

Centennial Secondary Artificial Turf Sports Field

The artificial turf sports field is the result of one of several joint-use agreements between the City and School District 43 (SD43) that pool resources to bring improved amenities to schools and the community.

The project includes:

An artificial turf sports field with field lines to accommodate seasonal sports | Field lighting | Pedestrian connections to the school and street | Accessible connections to the adjacent parking lot and street | Spectator bleachers | Public benches | Landscaping and plantings

The project is anticipated be complete in late fall 2021.
