1. Introduction

1.1 Purpose of this RFO

The purpose of this RFO process is to sell a townhouse development site (the “**Site**”) owned by the City of Coquitlam (the “**City**”) in the Partington Creek Neighbourhood on Burke Mountain to the offeror or offerors selected by the City that will result in the highest purchase price for the Site and meet the requirements set out in this RFO. For more information on submitting an offer, please review Section 5.2.

The Site is described as follows:

- **Civic Address: 1292 Rosenberg Way, Coquitlam BC**

Legal Description: Lot A Section 7 Township 40 New Westminster District Plan EPP111529

Parcel Identifier: 031-427-294

Site Size: 1.81 Hectares (+/- 4.47 Acres) as shown on New Westminster District Plan EPP111529, a copy of which is included as **Appendix B - Survey Plan EPP111529**

The Site will not be sold as a speculative holding property. The Site is being sold with the purpose of having townhouses constructed as soon as possible after the completion date. As such, a successful offeror will be held to the development schedule as indicated within the Option to Purchase (Schedule “B” to the form of Purchase and Sale Agreement included as **Appendix A - Form of Purchase and Sale Agreement**). Consequently, offerors are directed to read the entire RFO Package prior to completing it.

Should a successful offeror not comply with the development timeline requirements set out in the Option to Purchase for the Site, the City will have the right to purchase the Site back at ninety percent (90%) of the original purchase price (a 10% discount from the original purchase price). As such, potential offerors should only consider responding to this RFO if they intend to develop a townhouse project on the Site in accordance with the City’s prescribed development schedule.

1.2 Area Context

Regional

A welcoming and diverse community surrounded by a rich natural landscape, Coquitlam is home to over 150,000 people and sets a high standard of living in the Lower Mainland.

The City’s vision statement is as follows: “*Coquitlam: Sustaining a high quality of life for current and future generations, where people choose to live, learn, work and play.*”

As a community, Coquitlam is positioned to experience significant growth over the next 25 years, with the population expected to reach over 220,000 by 2041. This growth will ensure an expanding customer base for businesses and access to a reliable, well-educated workforce. Together, these advantages and assets are attracting new residents and businesses to Coquitlam.

In this new era of growth, opportunities to build and reshape the City’s future are abundant — from major changes to the transportation infrastructure to a growing multicultural community. It’s a place where students and older adults, entrepreneurs and employees, new immigrants and families can fulfill their future promise and realize their goals.

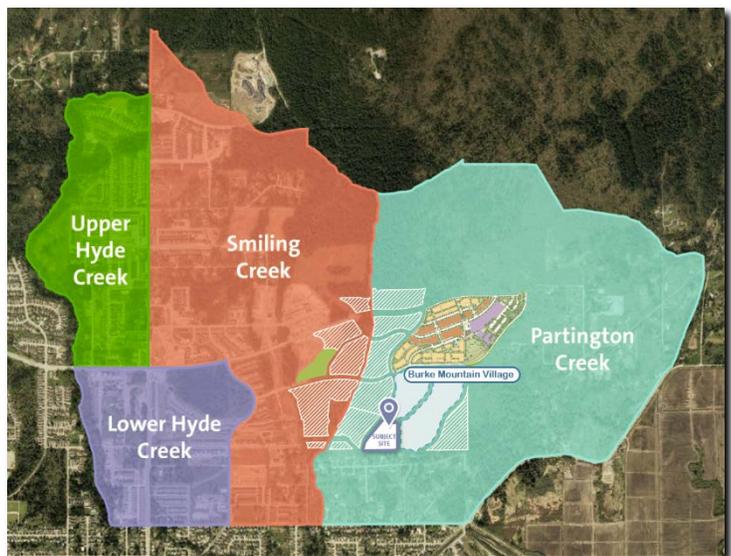

Coquitlam is at an exciting time in its transition from a suburban community to a regional urban centre and boasts a rich history and heritage. It is also rich in natural beauty with a diverse ecosystem comprised of rivers, streams, mountains, parks and open space. This unique natural setting provides opportunity for market differentiation as developments integrate within these natural boundaries and features. Notable areas include, Pinecone/Burke Mountain, Minnehkaha Park, Fraser/Coquitlam Rivers, Riverview/Colony Farm and Maillardville, all of these areas are particularly attractive to investment and tourism.

Neighbourhood Context

The Site is located in the south west portion of the Partington Creek Neighborhood Plan (“PCNP”) area, within the larger Northeast Coquitlam Area Plan (“NCAP”) area, commonly known as “Burke Mountain”. The PCNP is one of four approved neighbourhood plans prepared to date for the NCAP area. The Partington Creek Neighbourhood is about 240 hectares (595 acres) in size and located east of the Smiling Creek Neighbourhood.

The Partington Creek Neighbourhood is intended to be Northeast Coquitlam’s commercial and recreational hub and accommodate new residents in a variety of housing types nestled within a highly desirable, mountain-side environment inclusive of a village neighbourhood centre.

The Site is surrounded by lands at various stages of planning and development. To the west is a townhouse development site in the final stages of buildout, to the north and east lies undeveloped lands, a portion of which is to be a programmed neighbourhood park (location to be finalized through subdivision), and to the south lies townhouse lands currently being built out.

Further north of the Site is the future master planned Burke Mountain Village (see Illustrative rendering below). At full build-out the Village is expected to be home to over 5,000 residents, 120,000 square feet of commercial space, and a new community and recreation centre: The Northeast Community Centre. For additional information on Burke Mountain Village, please refer to the website link provided on page 165).

Demographics (Source: Statistics Canada – 2016 Census - Census Tract 9330287.02. and City of Coquitlam)

The City estimates that the current population across Burke Mountain is over 15,000 people, with an expected build-out of 50,000+ people within the next 15-20 years. The current residents on Burke Mountain are generally characterized as a younger, affluent community with a median household income of \$111,000/annum and average age of 35 years, which compares to the City of Coquitlam at \$74,000/annum and 40 years, respectively. The community largely works within the Professional Services sector (53%), with the majority identifying with Sales and Service and Business and Finance. As with a younger demographic, the household composition is typically a bit higher, with an average of 3.2 persons per household, compared to Coquitlam at 2.7.

1.3 Overview of Site

The Site presents a unique opportunity for townhouse development within the fringe of the future Burke Mountain Village. Without any shared property boundaries with other competitive developments, this standalone Site is entirely contained by Mitchell Street to the west, Dollar Crescent to the north, Rosenberg Way to the east and Gislason Avenue to the south. Ingress and egress to the site is proposed to be off of Dollar Crescent or Rosenberg Way, the final alignment is to be determined by the successful offeror at Development Permit stage. This standalone Site sets itself apart with the benefit of being in close proximity to the Village with its future amenities and also offering view cones to the south and east. The Site is comprised of 1.81 Hectares (+/- 4.47 Acres) of gently sloping lands generally down from north to south. A topographical sketch with the recently constructed street elevations is provided as **Appendix C - Topographical Survey**. The AutoCAD file has also been provided as an attachment to the RFO and can be downloaded from coquitlam.ca/bids.

The Site has been re-zoned RT-2 (Townhouse Residential) and Community Amenity Contributions (CAC) have been paid. A conceptual yield analysis has been completed with an estimated 85 townhouse units potentially achievable. The yield information has been provided only for illustrative purposes and is not to be relied upon as final yield will be determined through Development Permit application. A copy of the RT-2 zoning bylaw has been provided as **Appendix G - RT-2 Zone Information**; applicants should also review the most up to date version of the RT-2 zoning bylaw at the City's website. A link to the City's zoning bylaw and OCP has been provided in the Useful Links section on page 165.

1.4 Title and Charges

A copy of the title and the registered charges for the Site is provided as **Appendix D - Title and Charges**. It is important to fully review and understand all encumbrances and charges registered on title prior to making an offer. Also available is the Stage 1 Environmental Site Assessment, Title and

Opinion pages as **Appendix E - Stage 1 Environmental Site Assessment**. The full Stage 1 report will be available to the successful offeror upon request.
