The Maillardville Plan is a roadmap for future neighbourhood development and revitalization, guiding growth and investment over the next 20-25 years.

This Open House is your opportunity to learn about the draft Plan, find out what it means for you, ask questions and provide feedback before the draft Plan is sent to Council for consideration.

# Maillardville

With your input we are creating a new plan for this historic community that:

- preserves and reinforces Maillardville’s heritage expression;
- introduces new housing types, street improvements and urban greenways to support the revitalization of Maillardville’s commercial area and accommodate growth;
- adds new park and outdoor recreation experiences;
- protects streams and enhances creeks;
- improves bicycle and pedestrian routes throughout the neighbourhood.

*Your feedback is important to the process. A neighbourhood plan supported by the community can help build stronger neighbourhoods by signaling to property and business owners, developers, residents and the City that the plan’s policies reflect the community’s vision for the future.*

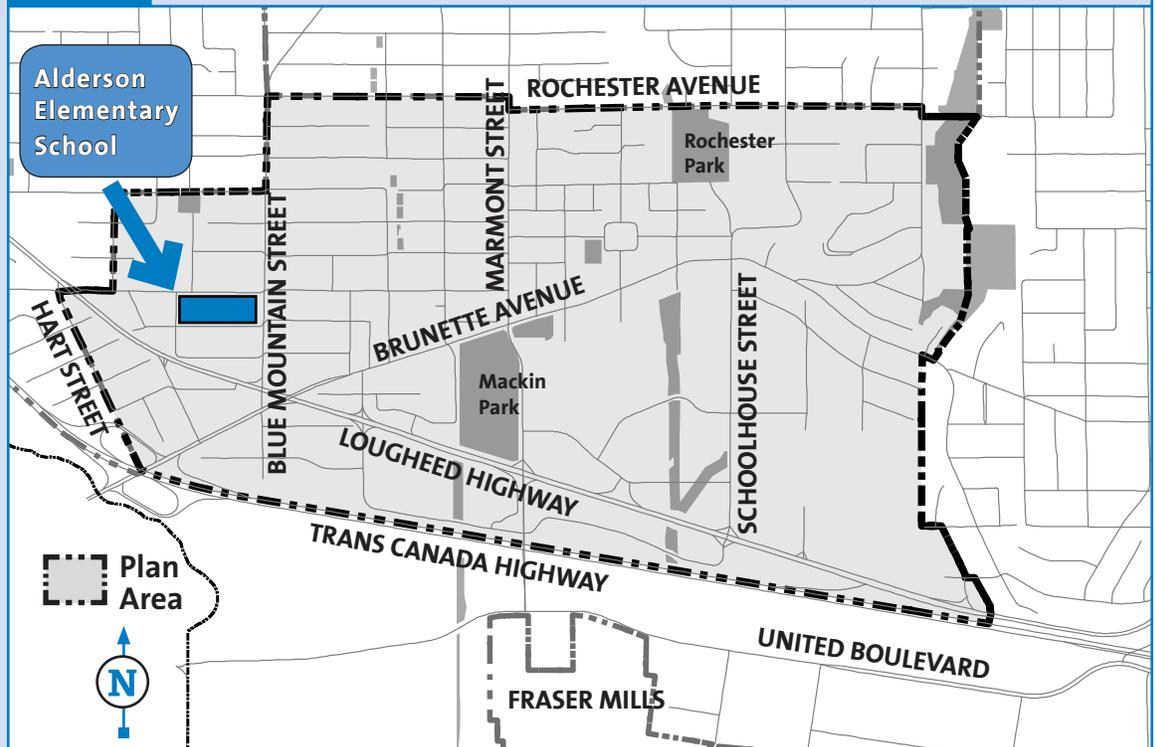

The draft Maillardville Neighbourhood Plan is almost complete and was presented to Council on June 17, 2013.

A Public Hearing will also provide an opportunity for public comment prior to final Council consideration of Plan adoption.

Join us at the June 27th Open House any time between 4:00 p.m. - 8:00 p.m. to review the draft Plan and provide feedback.
