

Changes to Noise Bylaw - Construction

Coquitlam has updated its Noise Bylaw #1233, 1982.

NEW HOURS

- ✓ Construction noise **Monday to Friday – 7 a.m. to 8 p.m.** (previously to 10 p.m.).
- ✓ Construction noise **Saturdays – 9 a.m. to 6 p.m.** (previously 7 a.m. to 10 p.m.).
- ✓ **Not-for-profit construction noise is permitted on Sundays or holidays.**
 - ❖ *This now includes both professional builders and owners constructing new homes through an Owner-Builder Authorization from BC Housing's Licensing and Consumer Services.*

The following regulation remains in place:

- ✓ **Construction noise for non-profit projects** (such as a homeowner building a deck) on **Sundays and holidays - 9 a.m. to 6 p.m.**

The restrictions only relate to loud work that is a nuisance to neighbours. Construction activities that take place quietly indoors and don't disturb neighbours, such as painting or electrical installations, are permitted at any time.

Please visit coquitlam.ca/goodneighbour for more details on these and other Good Neighbour Construction practices.
