

ENERGY ADVICE FOR BUSINESSES

If you own or manage a business, you are eligible to receive **FREE** energy advice from a Business Energy Advisor (BEA). A BEA can quickly identify energy saving opportunities for your business during a free consultation, and provide you with advice about implementation and financial incentives available to you.

Coquitlam

THERE ARE REBATES AVAILABLE FOR UPGRADING: LIGHTING, REFRIGERATION, WATER HEATERS, COOKING EQUIPMENT, AND MORE.

Incentive Programs

– **FortisBC:** Commercial

Energy Assessment

Program, Efficiency A la

Carte (offers rebates up to \$3,500 for installing efficient cooking equipment), Efficient Commercial Water Heater Program, Efficient Boiler Program.

FORTIS BC™

Energy at work

The City of Coquitlam has established both corporate and community greenhouse gas (GHG) reduction targets. Corporately, the City has implemented a number of energy conservation projects that are saving over \$500K in energy costs annually, and has received over \$1M in rebates and grants.

WE'RE HERE TO HELP!

Contact the City of Coquitlam's Energy Specialist today! They will walk you through the opportunities available to your business.
