Site Profile

Areas of Potential Concerns: Is there currently or to the best of your knowledge has there previously been on the site any:

Fill materials: Is there currently or to the best of your knowledge has there previously been on the site any deposit of:

	Yes	No
Petroleum, solvent or other polluting substance spills to the environment greater than 100 litres?		
Residue left after removal of piled materials such as chemicals, coal, ore, smelter slag, air quality control system baghouse dust?		
Discarded barrels, drums or tanks?		
Contamination resulting from migration of substances from other properties?		
Fill dirt, soil, gravel, sand or like materials from a contaminated site or from a source used for any of the activities listed under Schedule 2?		
Discarded or waste granular materials such as sand blasting grit, asphalt paving or roofing material, spent foundry casting sands, mine ore, waste rock or float?		
Dredged sediments, or sediments and debris materials originating from locations adjacent to foreshore industrial activities, or municipal sanitary or stormwater discharges?		

Waste Disposal: Is there currently or to the best of your knowledge has there previously been on the site any landfilling, deposit, spillage or dumping of the following materials:

Materials such as household garbage, mixed municipal refuse, or demolition debris?		
Waste or by-products such as tank bottoms, residues, sludge, or flocculation precipitates from industrial processes or wastewater treatment?		
Waste products from smelting or mining activities, such as smelter slag, mine tailings, or cull materials from coal processing?		
Waste products from natural gas and oil well drilling activities, such as drilling fluids and muds?		
Waste products from photographic developing or finishing laboratories; asphalt tar manufacturing; boilers, incinerators or other thermal facilities (e.g. ash); appliance, small equipment or engine repair or salvage; dry cleaning operations (e.g. solvents); or from the cleaning or repair of parts of boats, ships, barges, automobiles or trucks, including sandblasting grit or paint scrapings?		

Tanks or Containers Used or Stored, Other Than Tanks Used For Residential Heating Fuel: Are There Currently Or to the best of your knowledge have there been previously on the site any:

Underground fuel or chemical storage tanks other than storage tanks for compressed gases?		
Above ground fuel or chemical storage tanks other than storage tanks for compressed gases?		

Hazardous Wastes or Hazardous Substances: Are there currently or to the best of your knowledge have there been previously on the site any:

PCB-containing electrical transformers or capacitors either at grade, attached above ground to poles, located within buildings, or stored?		
Waste asbestos or asbestos containing materials such as pipe wrapping, blown-in insulation or panelling buried?		
Paints, solvents, mineral spirits or waste pest control products or pest control product containers stored in volumes greater than 205 litres?		

Legal or Regulatory Actions or Constraints: To the best of your knowledge are there currently any of the following pertaining to the site:

Government orders or other notifications pertaining to environmental conditions or quality of soil, water, groundwater or other environmental media?		
Liens to recover costs, restrictive covenants on land use, or other charges or encumbrances, stemming from contaminants or wastes remaining onsite or from other environmental conditions?		
Government notifications relating to past or recurring environmental violations at the site or any facility located on the site?		

Applicant Acknowledgement

Any personal information provided on this form is collected in accordance with the *Freedom of Information and Protection of Privacy Act*, for the purpose of administering relevant Planning and Land Use Management processes pursuant to Part 14 of the *Local Government Act*. Applicants are advised that all Planning and Land Use Management processes are public and any materials submitted become part of the public record. All information submitted may be used for reports to Council, available to the public upon request and distributed on the City's website. Should you have any questions or concerns about the collection and/or release of your personal information please call the Planning and Development Department at 604.927.3430.

By signing this application form, the applicant/owner attests that the information provided on this and supplemental application forms for land use permits from the City of Coquitlam is true and correct to the best of their knowledge. Any material falsehood or any omission of a material fact made by the applicant/owner with respect to this application may result in an issued permit becoming null and void.

I, the applicant/owner, certify that this application is being made with the full knowledge and consent of all owners of the property in question.

Additional Requirements that may be required after submission of your application

Please note that any requirements listed in the table above may also be required to be submitted later even though it was not initially required as part of the application.

- Environmental Assessment
- Streamside protection and enhancement area (SPEA) and riparian assessment area report(s) to address Riparian Areas Regulation (RAR) and replanting plan as regulated per the provincial government (B.C. Reg. 376/2004)
- Site Grading Plan
- Servicing concept plan
- Phase 1 Stormwater Management Plan
- Flood Protection/Hydrogeological Assessment
- Geotechnical Assessment
- Shadow Study
- Acoustic Study
- Housing Affordability Strategy (HAS) Incentives
- Transportation Demand Management (TDM) Measures
- Traffic Impact Assessment, prepared by a certified transportation consultant
- Additional mailing fee at the discretion of staff for public consultation purposes
- Spatial Data in UTM NAD83

I certify that the attached submission is complete and accurate, and includes all required items for the Development Application that I have applied for.
