The City may, at its discretion, interview one or more Respondents, or request clarifications or additional information from a Respondent with respect to any Submission.

The selection process will generally conform to the [InfraGuide® - Selecting a Professional Consultant](#).

The evaluation will be confidential and no totals or scores will be released to any of the Respondents.

The City intends to create a short list of professional consulting firms from which it will then select one or more Consultant(s) to provide the *Services* for a period of three (3) years or until such a time as the City releases a new RFIQ.

The pre-qualified Consultants will be kept on file for a period of three or more years and the City may request proposals from those companies at any time.

The City will monitor and evaluate the performance of the Consultants and may adjust the ranking based on the performance of the Consultant during the completion of an assignment. In the event that that the shortlisted companies in a category have either:

1. not performed well, and as a result have been removed from the shortlist, or
2. do not have resources available that are suited to an assignment, the City reserves the right to solicit a proposal from the next highest ranked Respondent that is qualified to perform the assignment.

The City reserves the right to issue a bid process, at their discretion, to select Consultants for any project including those deemed to require other specialized skills, knowledge or experience.

The City makes no representation of any kind as to whether it will invite proposals for or carry out future projects, or as to the volume of projects that would be available to any Consultant.
